SENATE REPUBLICANS CLOSE RANKS TO SUPPORT THE \$1,111,000,000 APPROPRIATIONS MEASURE

DECISION ON KINZUA DAM FUND IS NEAR

By JOHN KOENIG JR.
Special Washington Service

Washington (AP) — A decision on approval of one million dollars to begin construction of a much-discussed flood control dam on the Allegheny River at Kinzua, Pa., is due Thursday.

"It looks like Thursday, the 13th, will be the lucky day," Rep. Cannon (D-Mo), chairman of the House Appropriations Committee, told a newsman.

At the same time the committee will decide whether to continue deepening of the Delaware River to 35 feet between Philadelphia and Trenton, N. J., or to go to the 40-foot depth recommended by many Delaware Valley interests.

The two projects are part of a vast public works bill on which an appropriations subcommittee collected lengthy testimony released to the public this week.

Although the subcommittee has drawn up its recommendations on both projects, no one has disclosed for publication what the decisions are.

Sources close to the subcommittee, however, regard the million dollar appropriation for the Kinzua Dam as in the bag for pro-dam interests despite stiff opposition registered by the Seneca Indians of western New York state.

The Indians hope to retain possession of land along the Upper Allegheny River granted them under a treaty signed by then President George Washington in 1794.

Lawyers for Girard Argue Appeals in U. S. District Court

Washington (AP) — Lawyers for army Specialist 3c, William S. Girard, go before a U. S. district judge today in their attempt to keep the 21-year-old GI from being tried by a Japanese court.

Government attorneys declared yesterday U. S. foreign relations would suffer "untold damage" and his country's hands would be tied if courts are permitted to upset decisions such as the one giving Japan the right to prosecute Girard for the death of a Japanese woman.

Girard, through an array of 12 lawyers, seeks a writ of habeas corpus (Turn to Page Ten)

BALLOT RECOUNT

Greensburg (AP) — Ballots cast in the recent primary for tax collector in four of Mt. Pleasant Township's 10 voting districts will be recounted June 18. Judge Richard D. Laird of Westmoreland County ordered the recount yesterday after several voters submitted a petition. On the basis of unofficial returns, John E. Byssie won the Democratic nomination with 670 votes to 640 for Andrew Harbin.

State Official Charges Funds For Mental Health Diverted

Harrisburg (AP) — Aud. Gen. Charles C. Smith reported today that he has completed an investigation showing the Welfare Department has diverted funds from the mental health program in a "highly irregular procedure."

Smith said that Welfare Secretary Harry Shapiro carried 39 persons who worked in his office on the payroll of Danville State Hospital, a mental institution.

"These people never worked at Danville and were never in the hospital," Smith declared at a special news conference.

Shapiro declined comment until he had an opportunity to study the Smith statement fully.

The 39 employees, mostly clerks, are paid annual salaries ranging from \$2,400 to \$6,000 a year.

"I say the mental health program is being cheated because he (Shapiro) used its funds to pay

Floor Leader Insists Bill Can Be Adopted Without Any Help From Democratic Side

Harrisburg (AP) — Republicans closed ranks today to support an \$7 million dollar budget cut through the Legislature.

Sen. Rowland B. Mahany, Republican floor leader, forecast passage of the \$1,111,000,000 general appropriation bill which incorporates most of the cuts in Gov. Leader's budget of \$1,559,000,000.

"We're in a position to roll this late today or tonight," he told a newsman. "We have enough votes for it without any Democratic help."

Sen. William J. Lane (D-Washington) said Democrats would offer a long string of amendments to the measure.

"We haven't given up yet," he said. "We're going to put the Republicans on the line on every one of the cuts they made."

Senate Democrats were not expected to fare much better than their colleagues in the House last night.

The industrial development appropriation was fixed by the House at 3 million dollars for the next two years compared to the 1½ million dollar figure originally proposed by House Republicans.

Democrats lost, 73-113, in their fight to revise the measure to the 5 millions originally asked by the governor.

On another front, House Republicans resolved long-standing differences on state aid to school districts and agreed on a \$81,300,000 compromise that Democrats also promised to support.

Other legislative developments: Payroll Tax—Sen. John H. Dent, Democratic floor leader, sponsored legislation to impose a 1 per cent payroll tax to finance occupational disease benefits.

Republicans immediately declared the bill dead.

Conflict-of-interest—The Senate State Government Committee approved a measure intended by Republicans to ban conflict-of-interest situations among state employees.

County Salary Boost—Seven bills to increase the salaries of county officials outside Philadelphia and Pittsburgh were passed by the Senate.

General State Authority—The Senate gave its approval to a plan to allocate a million dollars in new General State Authority funds for repair at state teachers colleges.

The Tories will have to rule as a minority government, as the Liberals did after the 1945 election. Leaders of both minor parties said they would not join a coalition cabinet, although both indicated they would support the Conservatives if they put forward a satisfactory program.

It was considered likely, however, that Diefenbaker would not want to try governing for very long with the aid of other groups but would bring on another election soon in an effort to win a majority.

With 4 of the 265 Commons seats undecided, the Conservatives early today had won 110, the Liberals 103, the Socialist CCF Co-operative Commonwealth Federation 24, the Social Credit party 18 and Independents 6.

In the popular vote, however, the Conservatives were trailing the Liberals, 2,239,086 to 2,396,080. This was the tabulation by the Canadian Press of 37,116 of the 43,100 precincts.

Royal Couple Plans Visit To Canada and the U. S.

Dortmund, Germany (AP) — Queen Elizabeth II and Prince Philip are going to Canada this fall, he announced today.

London sources said they also will visit the United States. This is expected to be announced in Washington and London as soon as formalities are completed.

Prince Philip's official disclosure of the Canadian plans broke protocol.

The expectation is that the Queen's swing through the United States will be comparatively brief, with stopovers most likely in Washington, New York and Jamestown.

He said the action was taken when the employees left their jobs about a half-hour early to attend an afternoon meeting of Local 617, International Union of Electrical Workers.

The company also handed one-day furloughs to 1,500 employees on the afternoon shift who reported late following the union meeting.

The Westinghouse spokesman said these workers were expected to be on the job as usual later today. He added that the overnight shift was not affected.

According to the company, the work stoppage which violated the contract.

Albert Bell, president of Local 617, said the furloughs were illegal under the contract.

FUND TO AID ATHLETE
Beaver Falls (AP) — The Beaver Ohio Valley Dick Kadis Fund today announced the \$37,000 mark has been reached. The fund was formed to finance hospital and nursing expenses for the 21-year-old Geneva College football star injured in a game last September.

These expenses are \$1,000 a month. Chairman Irving Bennett said \$20,000 has been invested in U. S. Treasury bonds.

UNION BILL DEFEATED
Harrisburg (AP) — The House yesterday defeated 85-108 a proposal that would require unions to submit annual financial statements to their membership after Democrats charged the measure was "anti-labor."

Smith said he had not notified Shapiro of the results of his investigation but intended to do so.

Smith said 14 of the 39 workers in question have now resigned.

Progress Report Received on Attempts To Secure Options On Swick Site for New School

A progress report of attempts to secure options on the so-called Swick site for a new high school building was given by school solicitor R. Pierson Eaton last evening before a combined meeting of Warren Borough School Board and Jointure Committee.

Eaton said he had contacted all five land holders in the proposed 55-acre site under consideration but that so far not all had given options.

A letter from Ed Werle of the Erie architectural firm of Myers, Krider, Werle and Ellenberger stated that in preparing a job progress schedule for the school, the architects would allow three months for criticism and changes in original plans.

Werle also stated that schematic models would be made to study better the proposed building. When sketches are complete and definite placement of the building is determined, test borings will be made to analyze underlying strata, the letter stated.

Werle added that drawings and necessary data for procuring bids would be prepared when sketches were substantially completed.

Architects were helped along the past week when civil engineer Hank Fuelhart completed his contour map of gradations every ten feet. Coal, oil or gas heating is being considered for the building.

In other activity at the meeting, members were informed that final Jefferson School reimbursement percentage for state aid had been set at 99.54. This will save taxpayers about \$15,000. The borough board had been paying a reimbursement percentage of 94.1 but asked that this be revised upward.

According to school superintendent Dr. Carl E. Whipple the state allowed the extremely high percentage because Jefferson improvements were Project No. 34 in the state and at that time the

Dozen Mexican Field Workers Die in Crash

Rocky Ford, Colo. (AP) — A truck carrying 18 Mexican field workers was struck by a train west of Vroman this morning, killing 12 persons.

The victims included the driver, Sylvester Llciano of Rocky Ford, according to Jack Lee of radio station KBNZ, La Junta.

"Bodies, arms, legs and heads were strewn for a distance of 380 feet along the railroad right-of-way," Lee said.

The scene of the accident was on a road crossing the tracks at the entrance of a farm a quarter of a mile west of Vroman.

The 18 aboard the truck included men, women and children, according to Lee.

The train was an eastbound 56-car Santa Fe freight.

NOT CUSTOMERS
Philadelphia (AP) — A friend dropped into real estate agent William A. Capozzi's office, saw him in conference with two men, assumed they were customers, just said "Hello" and walked out. Shortly afterward Capozzi was found bound and gagged in the office. The "customers" had taken \$1,480.

Prominent Cambria Co. Woman Dies in Crash
Ligonier (AP) — The socially prominent wife of a Cambria County business executive was killed late yesterday afternoon in the 200-foot plunge of her auto down a mountainside.

Mrs. John M. Dovey, 40, of Davidville, near Johnstown, was alone in her auto. It careened from Route 30 on a hairpin curve about 1½ miles east of Laughlinton.

Mrs. Dovey was en route to the Rolling Rock Club in Ligonier. She was one Pennsylvania's most prominent horse women and had entered many horse shows.

Her husband is president of the Cambria Fuel Co. at Johnstown. Also surviving is a son, John C. Dovey.

Warren Officials To Execute Contract With Engineers on Behalf of Sanitary Authority

Warren's new sewage treatment plant moved rapidly toward construction at Council meeting last evening as members granted approval for proper borough officials to execute a contract with Chester Engineers on behalf of the Sanitary Authority.

This done, it was estimated by a committee member that bids for the \$1,500,000 project could be ready for advertisement within six weeks.

In other important action, Warren Borough's two most famous bums approached extinction, Councilman John Carbon announced a new recreational playground area and Burgess William E. Rice intoned the death knell of police service as the community knows it now. If and when the state legislature approves the 40-hour police week (as appears certain) and no local action is taken.

Councilman James H. Frantz included several figures in his interim report on sewage treatment plant proposals. He stated annual costs of \$132,000 would probably be incurred when the bonds were floated and construction begun.

This figure would jump to an estimated \$154,000 once the plant was in full operation. When bonds are retired (about 30 years) operation of the plant would cost an estimated \$83,020 at present rates. (It was underscored that all figures mentioned in connection with the plant were high, some the maximum, and that actual costs would probably not run as great.)

Numerous Matters Of Interest Come Before City Dads

On the subject of bums, Borough Engineer Robert I. DeBell informed borough council at the June meeting last evening that he has received assurances that beginning this Wednesday, June 12, 1957, the Pennsylvania Railroad would at long last begin replacing the ties and smoothing the crossings below Chestnut street.

Struthers-Wells has also invited Pennsylvania RR to improve their rough passage some 50 yards west at (S-W expense) and it is presumed this will be done.

At the other famous bump on Conewango avenue just north of Division, DeBell said he had contacted Warren County Highway Superintendent Chester Walker and that the county on June 17th would begin to repave Conewango from Third avenue to Fifth. Six transit bumpy.

TWO AUTHORITY MEMBERS RESIGN

Resignations of Al L. Rasmussen and Clare J. Cray from the Sanitary Authority were accepted with regret last night by Council. It was felt that eventually their positions might conflict with floating of bond issues. Named to fill their respective positions were William F. Crossett and Byron W. Knapp. Other Authority members are Robert F. Kopf, president; William F. Clinger, secretary; Robert E. Dunham.

It was announced two plans are presently under study to determine how individuals would have their fair share of sewage costs figured. One method would be to have the proportion fixed in direct relation to the amount of water used, some communities affixing sewage plant charges right to the water bill. The other method under consideration would be to charge in a direct ratio to the number of sewage outlets.

Councilman Frantz also pointed out that sewage patrons in Warren have been saved nearly \$40,000 through work done by Chester Engineers over the past several years. Ordinarily, costs are rated at 5 to 5.5 per cent of total construction costs. However, Warren has paid to date some \$9,000 for certain portions of the work out of contract and now it is estimated they will only be socked some \$34,250. This compares favorably with the \$50,000 which would be charged were the project starting from ground zero.

Another way to save community taxpayers some \$60,000 was also injected into the discussion. It was pointed out that it would be to everyone's (taxpayers) advantage to begin paying the yet-to-be-decided-upon tariff as soon as construction begins. In this way funding will go on during actual construction and that much less borrowing will have to be done for financing. (Interest rates over 30 years can almost equal construction costs of large projects such

Way Cleared for a Vote on Boosting Fishing Licenses

Harrisburg (AP) — Support of Sen. John H. Dent, Democratic floor leader, apparently cleared the way today for a Senate vote on a proposed \$3.25 fee for resident fishing licenses.

Dent said the abandoned plans to seek a \$4 fee through an amendment to the House-approved version of the bill after officials of the State Federation of Sportsmen's club asked him to reconsider. The present fee is \$2.50.

The bill, introduced with bipartisan sponsorship originally proposed a \$4 fee. It was amended by the House Fisheries Committee to \$3.25 after it became apparent there was insufficient floor support for anything higher.

The fish commission sought unsuccessfully early in the session for a bill that would set a \$5 fee. It has contended that its program will be severely handicapped without a sizeable increase. A \$3.25 fee would produce about \$25,000 a year, to be set aside for acquisition and development of public fishing waters.

The House approved 187-0 a bill to grant state fishing licenses to aliens for a \$5 fee.

Out-of-state fishermen must pay as much for a Pennsylvania fishing license as their home state charges for nonresidents, but not less than \$5.

Italy Faces Most Critical Situation In Nation's History
Rome (AP) — President Giovanni Gronchi today started a search for a new Christian Democratic premier to lead Italy out of the most bewildering political jungle in its postwar history.

Gronchi scheduled a series of consultations with party leaders after the resignation last night of 69-year-old Adone Zoli, who refused to remain in office because his 22-day-old minority government was dependent on Fascist votes in Parliament.

There was no indication who might get the nod, but 55-year-old Giuseppe Pella, a former premier, was mentioned frequently.

Choice of a Christian Democrat appeared certain. It is the biggest party in Parliament although it is short of majorities in both houses.

The new government also will be little more than a caretaker regime until the next elections. These are scheduled next spring, but could come earlier if the recent lack of cooperation among the center parties continues.

The big question was whether the man Gronchi finally selects will try for a coalition or a one-party, minority government.

Plans for Boat Races June 30 Discussed by Rescue Division
Civil Defense Rescue Division of Warren held a regular meeting last evening in the American Legion Home with about 23 members present.

Crews were assigned for the boat races to be held June 30 on the Allegheny River. Crews for the rescue truck were assigned to be at the boat races, and the Jaycees will furnish pickup boats and first aid men at the races.

They are planning to have a family picnic in the near future on a Sunday and the date will be announced later.

Present at the meeting last evening were four men from the Corry Rescue Division. Along with the Warren Members, C. B. Holcomb, Lewis Potter, Calvin Swann, and M. L. Schreckengost discussed the difference between the two divisions and mutual aid.

A discussion was presented on emergency ambulances and several station wagons were assigned as to the unit.

There will be a national Civil Defense exercise of July 12, and it is planned that all parts of the rescue division will take part 100%.

PRESIDENT IS BACK AT DESK AGAIN TODAY

By MARVIN L. ARROWSMITH

Washington (AP) — President Eisenhower, back at his White House desk after a bout with a stomach upset, talked with a chuckle today about getting at "a few steaks."

Eisenhower showed up in his office a few minutes before 10 a. m., an hour after his physician reported him "virtually recovered" from his stomach ailment.

A 9 a. m. medical bulletin had said Eisenhower would have no engagements in his office during the day, but had left open the possibility of his returning to his desk.

A few minutes after Eisenhower arrived in the office, photographers and reporters were admitted briefly.

The President greeted the group with a broad smile. He was in excellent spirits and there was little trace in his face of the illness which kept him confined to bed all day yesterday.

The President was natty in a light brown suit, white shirt and red tie with a purple figure.

He asked photographers whether they wanted him to stand or remain seated at his desk. They asked him to stay seated.

"Is your stomach sore?" one photographer asked.

"No, not at all—it isn't this morning," Eisenhower replied with a chuckle. Then he added: "I'd be able to do with a few steaks."

It wasn't until late yesterday afternoon that Eisenhower got his first serving of semisolid food—a helping of milk toast. He had more of that and some chicken broth during the evening, and then breakfasted this morning on prunes, cereal with warm milk, toast and honey.

In his office, the President told newsmen he had come over from the White House living quarters to sign a few papers and handle some other work. There was no immediate indication as to how long he would remain.

Thomas Craven Sr., a newsreel cameraman, remarked to Eisenhower that he looked fine, and then joked: "I guess you just wanted a day off."

Eisenhower laughed heartily at that.

While newsmen were leaving his office Eisenhower started dictating correspondence to his personal secretary, Mrs. Ann Whitman.

Hagerty said Eisenhower's decision to go to his office took both (Turn to Page Ten)

Commissioner-Auditor Showdown Wednesday

The showdown between County Commissioners and County Auditors will begin at 10 a. m. Wednesday in Warren County Court. County Commissioners Blain Mead, Lewis Crippen and L. L. Johnson have taken general exception to the 1956 audit of county funds by auditors Charles Briggs, Merle Jordan and Ralph Summerton. Commissioners have charged, in essence, that in lumping various items the auditors have failed as required by law to itemize sufficiently. Auditors call it a matter of interpretation of the law, say their shortened audit is accurate and sufficient. Judge Alexander O. Flick, Jr. will decide the matter. Shortened form of the county audit was instituted in 1952 when the written and published accounting was shortened "in the interest of economy." Attorney Samuel F. Bonavita will speak for the auditors, county solicitor Richard Leuthold for commissioners.

Area Servicemen Participating in Festival Review

Navy news dispatches from Norfolk, Va., report several area men will be among participants in the International Naval Review scheduled at Hampton Roads, Va., on Wednesday.

Joseph R. Manfrey, son of Mr. and Mrs. Frank E. Manfrey of 1120 Pennsylvania avenue, west, is engineer first class aboard the battleship USS Wisconsin.

Frederick E. Gaghan, son of Mr. and Mrs. Merle Gaghan of 107 Center street, is aboard the escort vessel USS Woodson as radioman seaman.

Donald R. Hansen, son of Mr. and Mrs. Rex M. Agnew of 111 Highland avenue, Youngsville, is a seaman on the guided missile heavy cruiser USS Canberra.

Neil E. Pierson, East Main street, Youngsville, is a seaman apprentice on the battleship USS Iowa.

The Review will be a major highlight of the Jamestown Festival, commemorating the 350th anniversary of the founding of the Virginia colony in 1607.

More than 60 U. S. Atlantic Fleet ships have been chosen to represent the United States in the Review. In addition, at least 18 foreign nations will display their might for the first International Naval Review to be held in American waters since 1907.

The ships are in the Hampton Roads area for the observance of Fleet Week, which ends June 17.

Andrew Jackson was the first U. S. president to travel by train.

SHEFFIELD

Sheffield — Rotary Club again had a 100% attendance for its regular meeting; also two guests, William Bacon and Bernard Wingert, Warren Rotarians. It was announced that the club will conduct a Library Fund Drive today in the community; plans are under way for dinner at the Howard Christenson Farm at 6:30 Tuesday and the evening at the Jones Camp for club assembly.

The program was handled by The Rev. Dewey Yale and Eugene Leseman, who showed colored slides that were taken at Luray Caverns in Shenandoah National Park in Virginia. The pictures of the natural wonders in the cave were excellent and several of the members have decided to include this Park in summer vacation trips.

Loyalty Class of Bethany Lutheran church had 22 members present for its June meeting. Devotionals were conducted by Mrs. Carl F. Ellason, followed by a program: vocal solo, "God Touched the Rose"; Mrs. Evelyn Anderson: book review of a sermon by Peter Marshall; Mrs. Laurence Stetz; vocal solo, "Thanks Be To God"; Mrs. Ellason, accompanied by Mrs. Evelyn Anderson. The usual routine business was conducted by the president, Mrs. William Dalton, who also announced 25 towels had been given by the class for the kitchen. The meeting was concluded with refreshments served by Mrs. Herbert Gustafson, Emma Christian, Agnes Lundquist, Elsie Nelson, and Mrs. Dorothy Gustafson.

Charles Peterson, USN, has left for Jacksonville, Fla., where he is stationed aboard the carrier Franklin D. Roosevelt. He was accompanied to the Pittsburgh Airport by his parents, Mr. and Mrs. George Peterson, and Mrs. Evelyn P. Gailor.

SUGAR GROVE

Sugar Grove — Thirty-four Brownies and leaders closed their season of regular meetings with a picnic on the school campus. Games were enjoyed and a picnic supper served. Leaders of the girls are Mrs. Norman Abbott, Mrs. William Lester, Mrs. Everett Stewart; committeewomen who have charge of social activities are Mrs. Harry Sarvis, Mrs. Scott Stuart, Jr., Mrs. Perry Wilcox, Mrs. Donald Grober and Mrs. Eugene Anderson.

Recent guests of Mrs. Alden Stearns have been Mr. and Mrs. William Thompson and five children, Barker, N. Y. They also visited Mrs. Thompson's father, Mr. Stearns, who is a patient in the Erie Veterans' Hospital, and report him slowly improving.

Mrs. Frank Mispaw was hostess for the regular gathering of Embroidery Club.

Mr. and Mrs. Donald Branstrom and children, of Mason, O., were evening guests of Mr. and Mrs. Harry Sarvis.

Mrs. Grace Brown, Mrs. Burt Schoonover, Nancy and Wayne Schoonover, were guests for a family party at the home of Mr. and Mrs. Marshall Danielson, Grand Valley.

Mrs. Catherine Carr is again a patient in Roswell Memorial Hospital in Buffalo for a few days.

Mr. and Mrs. Howard Curtis have moved from the Allan Frank home to an apartment in the Wallace Barlow home. The Franks, who have been serving at Haines House, Presbyterian mission in Alaska, are returning to their home this month.

'Y' Camp Fire Sparks

One of the special activities at summer camp June 16-23 will be the Hare and Hound race. It is a popular activity which all boys enjoy at camp in '56. It has been an old camp favorite. It is conducted in the evening, when which one counselor is the "hare". He leaves the dining hall early and leaves a trail all over the camp—in and out of the woods, across fields, etc. Then the "hounds" (campers) are sent out on the scent, and follow the trail and with much yapping and baying and enthusiastic chase is begun. Finally after about one-half hour they reach the end of the trail, and there they find the "hare" up a tree—a very unusual tree-climbing hare!—and the boys scramble to get his tail, which is usually a round ball of cloth. The boy first securing the tail and getting back to the starting position is the winner. He receives a prize which he shares with his tent mates. Usually there are two more rabbits, used as decoys. And sometimes the tail secured isn't always the winning tail, so no one is sure of possessing the real one until after the race is completed.

The YMCA has acquired special permission from the Pure Soap

Company, through an agreement, to supply the boys with soap which enable the boys to sell. This will have a fruitful purpose—enable the "Y" to offer camp at the low price which it's doing; a rate less than half most private camps—programs which aren't as broad in many cases.

The boys will sell boxes of mild-scented French Milled toilet soap, Garden Bouquet, for 50c a 4-bar box. Thirty cents of this will go toward the paying of the soap and its transportation cost, and 10c goes to the boy selling for camp use, to help pay his tuition fee of \$25 for the week at camp, or his craft or spending money.

Therefore a boy may not be able to earn his full fee, but he can help lift the burden from his parents' shoulders. The soap is of a good quality and not only is the selling plan different from sales of candy, etc., soap is a necessity which people must buy. By paying a few cents more, you'll get a good quality product, and help a boy earn his own way to summer camp.

Summer Camp is June 16 to 23!

Warren Boy Participates In Training Program

Thomas F. Erickson, son of Mr. and Mrs. Francis Erickson of 109 McPherson street, left over the weekend for Norfolk, Va., where he will board the Cruiser Northampton for the summer cruise of the Naval Reserve Officers' Training Corps.

Young Erickson is one of 54 midshipmen in the University of Rochester NROTC participating in a training program designed to give them first hand experience in jobs for which they are training as future officers.

Nearly 6,000 Naval Academy and NROTC midshipmen will take part in three cruises making use

of battleships, cruisers and destroyers. After two days' participation in the International Naval Review at the Jamestown, Va., Festival, Cruiser Alfa will leave Norfolk Thursday for South America, proceeding to Rio de Janeiro, Brazil.

Cadillac

Greatness Is Never Achieved Suddenly!

It has long been true, in the affairs of men, that only time can confirm the gift of greatness.

Artist, statesman, writer, craftsman—each must await the years for the maturity of his talent and for the verdict of his judges.

And as it is in the affairs of men, so it is in the world of commerce. Nothing great was ever created suddenly—whether the product be that of an individual or of an organization.

Here, most certainly, is the very genesis of the unique position which Cadillac currently occupies in the hearts and minds of the world's motorists.

Since the first Cadillac car made its appearance more than fifty-five years ago, it has always been created to a single objective: to make it as fine a motor car as it is possible to produce.

And, without question, the mission and the accomplishment have been one and the same.

The goodness of Cadillac has, in fact, been so apparent over that lengthy span that the Cadillac name stands today as an accepted synonym for quality wherever highways exist.

The pretenders have come—and they have gone. For time is an exacting taskmaster—and only the principles that have created the great Cadillac car and only the devotion that has given it being have been equal to the challenge.

Never has this fact been more deeply etched in the public consciousness than it is during the present automotive year.

If you have yet to take the wheel of a 1957 Cadillac, you should hesitate no longer to visit your authorized Cadillac dealer.

Waiting for you in his showroom is proof beyond doubt that Cadillac is—in fact as in reputation—the Standard of the World!

SEWAGE TREATMENT PLANT

It's the patrons who profit and the patrons who pay. Warren Borough residents (and perhaps others nearby later) are due shortly to profit from a new sewage treatment plant. The benefits to healthful conditions can hardly be underrated.

The Sewage Treatment Plant Authority has under consideration now a proposal to save local taxpayers an estimated \$60,000 of the \$1,500,000 costs.

To accomplish this the Authority may begin its assessment of potential patrons from the time construction of the new treatment plant starts. In this way more money will be available to meet going costs of the project. Over the 30-year bond-retiring route for \$1,500,000 of bonds engineers have estimated this yearly tariff will save \$60,000, a sizeable chunk of change in anybody's book.

It was also pointed out in Council last evening that during the past 28 years or so in which a new sewage treatment plant had been considered, the seeming endless discussions with Chester Engineers had devolved to a \$40,000 community advantage. With a five percent going rate at present for engineers' percentage of contractual costs, Warren finds itself nearing actual plans and construction with \$9,000 of plans prepared outside a contract at considerable savings.

This means that instead of paying Chester Engineers some \$80,000 total, the figure will be closer to \$34,250 plus the \$9,000 already well spent.

The community will probably be able to put this savings to good use next year. In fiscal 1958, Warren along with other relatively smaller communities, will probably find itself with an abbreviated police force, thanks to 40-hour police week legislation about to be booted through an election-minded state legislature.

This means that unless the community wishes to operate on a skeleton 3-man force at most times more men will be necessary. Any money saved elsewhere in the budget can certainly be well spent.

SAVINGS BONDS AS INVESTMENTS

The nation's safest investment risk—U. S. Savings Bonds—still have the blessing of nearly two-thirds of the country's bankers as a good way to save, reports Sam Dawson in his Associated Press feature column "Business Mirror."

Half of the bankers, he says, say they feel a patriotic or moral duty to go on pushing their sales for the U. S. Treasury. A third think the new higher interest rates will boost sales, which had been lagging.

These are the findings in replies of 500 bankers queried by the American Banker, daily newspaper of banking and credit. The question, however, brought some sharply worded dissents.

Many investors have been turning to other investment forms that pay higher returns—with the risks involved running all the way from small to frankly speculative.

Higher interest rates elsewhere caused redemptions of U. S. savings bonds to top sales by 1½ billion dollars in the period between the start of the fiscal year July 1 and the time this spring when Congress gave the Treasury power to lift the interest rates to 3½ from 3 per cent.

The debate in financial circles over whether banks should go on advising customers to buy savings bonds led the paper to query the bankers.

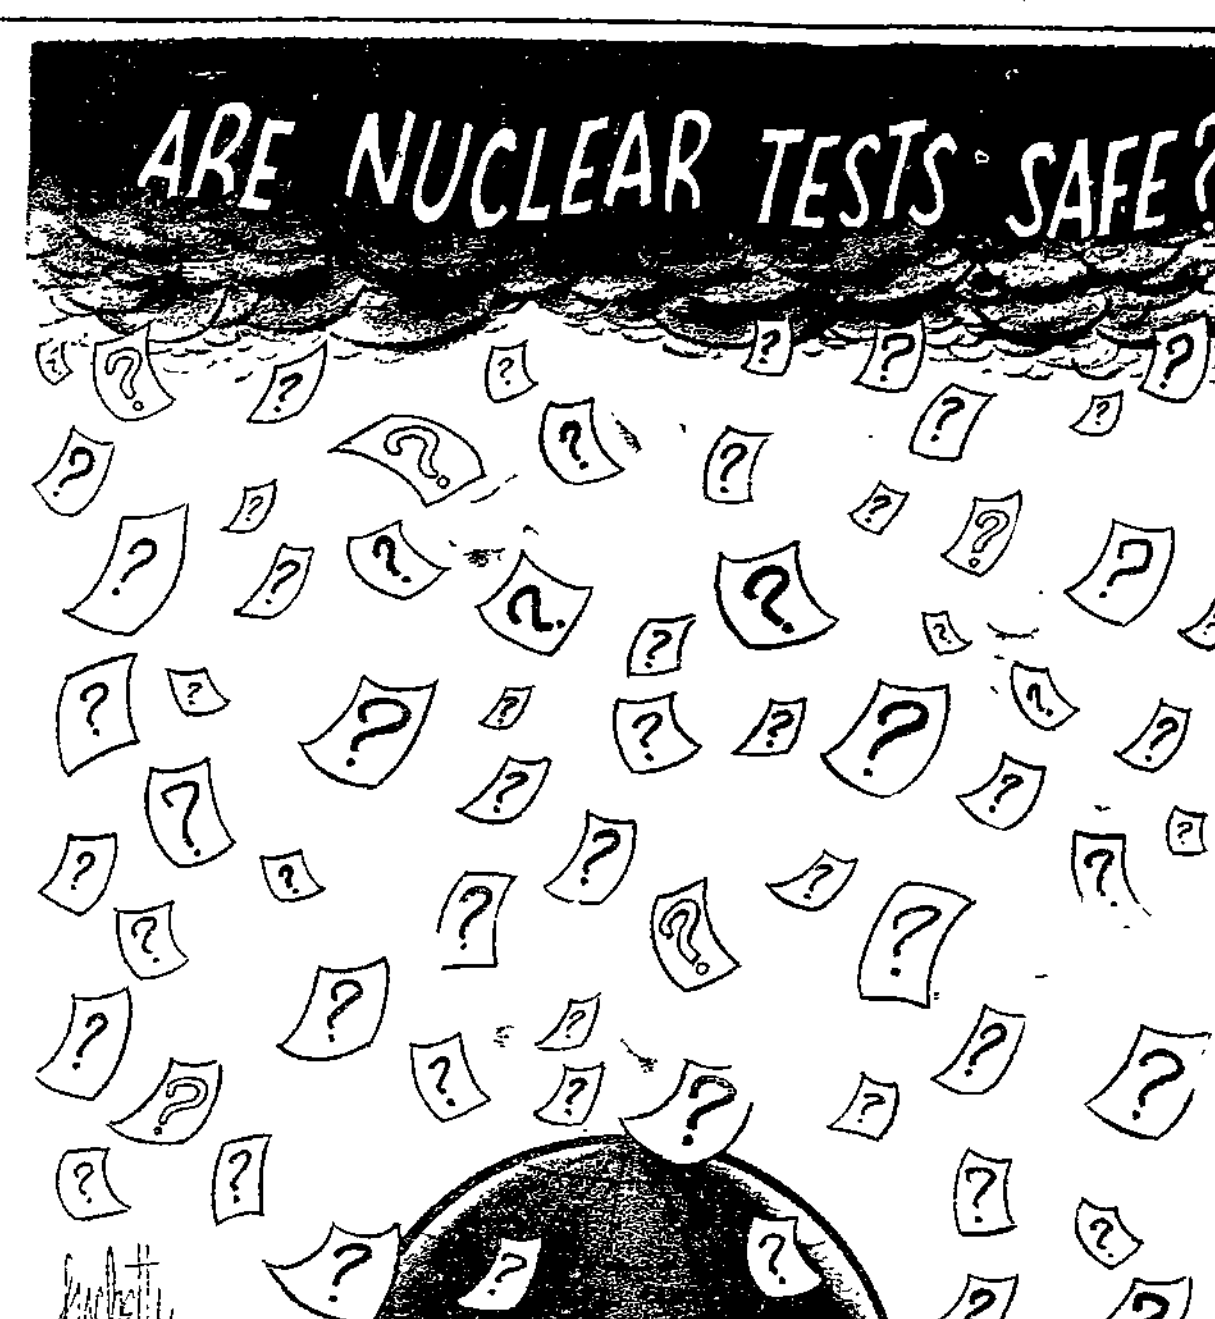

More than 62 per cent replying say they can conscientiously recommend the bonds as gainful investment. Some 23 per cent say they can't, and the rest gave equivocal answers.

Bankers' patriotic or moral duty to push sales is as strong today as it was in wartime. In the opinion of about half of them. Some 28 per cent think the duty has ended and the rest take no stand.

But asked whether their banks were active in pushing sales or merely passive in affording the chance to buy bonds, the bankers divided about evenly.

The higher interest rate on E and H bonds will lead to a revival in buying, a third of the bankers think. An equal number think it may have a trifling effect, and the remaining third doubt if it is high enough to do any good.

Here and There

Added interest will be taken by TV viewers tonight at ten o'clock due to the fact that Quizmaster Hal March, master of ceremonies of CBS-TV's "The \$64,000 Question" is the father of a five-pound 13-ounce boy, born last Friday to March and his wife the former Candy Toxton. Mrs. March is a former model and actress. Incidentally the baby has been named Peter Lindsey March.

The latest issue of "The Junior Occasional", printed weekly at the Warren State Hospital contains many items of interest to the general public. There is the item about Patients' softball activities for instance. We watched the first of what will be a series of games when the Patients' All-Star team played Lacy's Confectioners on the Hospital recreation field last Saturday afternoon, and it proved interesting all the way. Competition against patients' teams will be provided by various clubs entered in the Warren Softball League and a team composed of doctors, Social Service personnel and other employees. The patients' team has been outfitted with new gym shoes, ball caps and colored shirts. We understand that competition is keen for starting positions on the patients' team. Another item bearing on the subject, which appeared on page one of the Occasional, says, "In the cafeteria, on the South Side and North Side wards, in the gym, the Canteen, all over, you'll hear us talking softball and the first game against a Warren team... and are we looking forward to that Saturday in the near future when the Patients' Team will play a team made-up of staff doctors and internes!... Peonies and orange blossoms in front of the Infirmary are at the height of their beauty... Rumor has it that one of the student nurses is an excellent organist."

Another article says "Plans for a patients' Art Class, to be started in September, are gradually taking form, and it is expected there will be considerable help from Volunteer Workers. In the meantime, there will be a survey of patients' art work and hobbies—anything he or she enjoys doing—for display at the next open house. Evening displays of this work will also be arranged in the Patients' Library."

Girard Case Puts Spotlight On 'Status of Forces' Treaty

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON—(NEA)—In the past three years, 32,059 U.S. servicemen on duty overseas committed crimes which were subject to trial in civil courts of the countries where they were stationed. Recent hearings before Senate Armed Services Committee showed these cases were disposed of as follows:

Jurisdiction waived by foreign courts and cases returned to U.S. military authorities for handling—21,607.

Cases pending as of Dec. 1, 1956—898.

Cases brought to trial before foreign courts—9,354.

Of this last number, those acquitted numbered—928.

Given suspended sentences by foreign judges—425.

Fined or reprimanded by foreign judges were—7,896.

Convicted and sentenced to foreign prison terms—305.

The amazing thing about these 32,000 cases is that over 99 per cent of them never attracted any attention outside the local areas where the crimes were committed.

These figures do not include court-martial cases. They cover only offenses committed by armed service personnel while off duty and outside military reservations.

CONSIDERING THAT several million uniformed Americans had shore leave or served overseas in the last three years, the figures do not reveal a high crime rate. They don't make big news.

But then along came the case of M/Sgt. Robert R. Reynolds, acquitted on Formosa by a U.S. court-martial after shooting a native Peeping Tom.

And this is topped by the case of Army Specialist William S. Girard, who accidentally killed a Japanese woman on a U.S. shooting range. The United States has now acquiesced to Japan's demand that Girard be tried in a Japanese civil court instead of by court-martial, as U.S. Army authorities had demanded.

AT THE ROOT of this problem are the so-called "status of forces" treaties providing for the trial by native courts in crimes committed while not on duty and away from the post.

In 1952 the United States gave Japan the same status of forces agreement given to North Atlantic Treaty countries. The U.S. now has 25 such agreements.

In about 40 other countries where the U.S. has Military Assistance Advisory Groups—MAAG—there are special agreements giving training personnel diplomatic status which exempts them from the jurisdiction of native courts.

The United States was in the process of negotiating a status of forces treaty with Formosa when the Reynolds case arose. Had it been in effect the case of Sergeant Reynolds might have been as routine as those in the figures given above.

BUT EVER SINCE the status of forces treaty was ratified by the Senate, an organization called Defenders of the American Constitution, Inc. has been trying to have it repealed. The organization is headed by Lt. Gen. P. A. Del Valle and Brig. Gen. Merritt B. Curtis, both retired Marines.

They publish a four-page monthly leaflet called "Task Force" which crusades for restoring constitutional rights to the U.S. armed forces overseas. In the most recent issue Rep. Frank T. Bow (R-Ohio) has the lead article asking for repeal of the status of forces treaty.

In view of the Reynolds case, the chances of repeal would seem to be slim. But the real test will be how the Girard case works out in Japan.

ARE YOU CURIOUS?

You've seen this symbol many times in advertisements—sponsored by this newspaper or by one of its advertisers—urging us to help our schools, prevent forest fires, stop traffic accidents...

Did you realize that, in the words of Charles E. Wilson, "through the Advertising Council's American business supports more causes, solves more problems and serves more people than is possible through any other single institution?"

We congratulate our advertisers—we are proud, ourselves, to be a part of this national endeavor.

OLDSMOBILE

STYLED TO SMART. EASTERN TASTES.

"He sure knows how to pick 'em!"

Bridesmaid: You mean Lucille... or are you talking about their Oldsmobile?

Best Man: Both! But I was really looking at their car. What a beauty!

Bridesmaid: They sure are a lucky couple.

Best Man: And smart, too. That Olds costs less than you'd think. It has style that will stay in style. They get real comfort... a wonderful ride... and the big Rocket Engine...

Bridesmaid: She looked so lovely...

Best Man: They'll really find out how smart they are to own an Olds at trade-in time. Why, an Olds brings a better price than lots of the most expensive cars, even after a couple of years of use.

Bridesmaid: You know what I wish? I wish that someday...

Best Man: That you can own an Olds? Don't waste your wishes. Let's take a ride in my Golden Rocket 88. Maybe your dreams'll come true sooner than you expect.

MR. AND MRS. JAMES KANE

Janet Carlson, daughter of Mr. and Mrs. A. W. Carlson, 21 Kenmore street, became the bride of James Kane, son of Mr. and Mrs. Henry Kane, of Russell, at a small wedding performed in St. Joseph's rectory at 7:30 p. m. June 6.

Mrs. Kane is a 1953 high school graduate of Roberts-Wesleyan College at North Chili, N. Y., and, prior to her marriage, was employed in the list department of New Process Company. Mr. Kane, who served four years in the U. S. Air Force, is a 1950 Warren High School graduate, and 1957 electrical engineering graduate of Penn State University.

Mr. and Mrs. Kane are spending their honeymoon at Clearwater Beach, Fla. After June 23, they will make their home at Endicott, N. Y., where Mr. Kane is newly-employed as engineering technician in research development laboratories for IBM Corporation of that city.

Those who gave pre-nuptial parties for the bride were girls of the list department of New Process Company, and Mrs. Richard Hosmer, 10 Wilson street.

BIBLE CLASS ENJOYS OUTING
Bethel Bible Class members of the Nazarene Sunday School enjoyed a pleasant time when they met at "The Willows", home of Mr. and Mrs. Harry Cowles. Mrs. George Johnson discussed "Faith" for the Devotional topic, while Mr. Cowles presided over the business session. Plans about the annual Sunday school picnic June 26 were discussed; a letter of appreciation was read from Rev. Robert Henneman; it was decided to omit a July meeting and have a picnic in August.

Colored slide pictures of Nazarene missions in India were shown and refreshments were served by the hostess from a table centered with red roses. Bouquets of Spring flowers were used to decorate the home.

Installation for Calvary Society

Mrs. Richard Reed conducted installation of the following officers for the 1957-58 term at a combined meeting of Calvary Baptist Missionary circles:

President, Elsie Hollabaugh; first vice president, Marian Thompson; second vice president, Gernett Lindgren; secretary, Ellen E. Swanson; vice secretary, Joan Sorenson; treasurer, Della Simonson; pianist, Eleanor Swanson; reading chairman, Lola Wagner; White Cross chairman, Aveline Vaughan; publicity, Myrtle Confer.

Mrs. Hollabaugh conducted the meeting, which included group singing, with Janet Ahlgren as pianist, scripture, prayer, and an interesting article on sacrifice and service of missionary pastors.

During the business session, routine reports were heard on the recently adopted Korean War orphan and the very successful mother-daughter banquet. Definite policy was adopted for gift presentation for brides and new babies of the year. Mrs. Hollabaugh presented circle leaders, thanking those whose who are serving a second year and welcoming a new leader. Leaders present were Mrs. Margaret Donham, Mrs. Rachel Graves, Mrs. Elaine Backstrom and Janet Ahlgren. Girls' Missionary Circle, G.M.G., is added this year, with Phyllis Small leader of the big sisters and Mrs. Nebba Obinger leader of the little sisters.

Mrs. Edith Haglund and Mrs. Winnie Cartwright led the prayer time and Mrs. Anna Bliek offered grace. There were 35 members present and one visitor. Mrs. Sharon California, Laura Edwards Circle served, with Mrs. Eva Merritt, Mrs. Aveline Vaughan, Mrs. Iva Gantz, Mrs. Mildred Selander, Mrs. Esther Shellin, Mrs. Gernett Lindgren and Janet Ahlgren as hostesses.

MRS. JACK PRESENTS STUDENTS IN RECITAL
Mrs. Edwina C. Jack presented her piano pupils in their annual Spring Recital at the Woman's Club Friday evening. Arrangements of red roses, peonies and iris were used in providing a colorful background. A capacity audience of relatives and friends was on hand to greet the young performers, each of whom played with an ease and assurance that bespoke careful preparation.

Those appearing were Donna Snow, Carol Flynn, Kathy Boyer, Gregory Geiger, Gayle Anderson, Nancy Bloom, Philip Cooper, Shirley Simmons, Paula Mead, Ronald Bloom, Janet Gebhardt, Beverly Stein, Cheryl Moll, Betty Jean Snow.

Also Kathy Connolly, Bonnie Benson, Bruce Swanson, Judith Gernberg, Sally Krimmel, Leanne Niedzialek, Cheryl Simmons, Jim Haslet, Connie Nagy, Cindy Connelly, Paula Cohen, Linda McKelvey, Nancy Mathis and Linda Cobb.

WSCS GATHERING
Youngsville—The June meeting of WSCS was held in the Methodist church when Mrs. Hugh Schuler, retiring president, was given a past president's pin by Mrs. William Clark in recognition of two years of very efficient work. Officers for the coming year were installed by Rev. J. Norman Holder in a dedication service.

Devotions were conducted by Mrs. Holder; Mrs. Floyd Woodin, Ashville, N. Y., promotion secretary for the district, brought a verbal picture of the conference at Meadville and created a desire to send one or two representatives from this society this year, June 12-16.

Hostesses included Mrs. Howard Husted, Mrs. Mark Shurwin, Mrs. R. L. Mead, Mrs. William Clark, Mrs. Sarah Piper and Mrs. Adella F. Kellerman. There will be no meeting in July; the annual picnic will be held in August, place to be decided upon.

MRS. EVERETT BORG SINGS IN PITTSBURGH
Mrs. Everett Borg, local contralto, has returned from Pittsburgh, where she presented a program before the Edgewood Civic Club last Thursday, and was most enthusiastically received. Mrs. Marian Duell McDade, Pittsburgh, was her accompanist.

Upon the recommendation of Paul Sladek, musician and violin teacher of Pittsburgh, Mrs. Borg was also presented in recital on Sunday at Carnegie Hall, North Side, as guest soloist for Paul Koch, organist for the City of Pittsburgh.

Mrs. McDade was again the accompanist and, on both programs, Mrs. Borg sang "The Little Lamb", composed by Mrs. McDade.

DRIVE CAREFULLY

Mr. and Mrs. Marshall Jennings, 65 Crestview boulevard, announce the engagement of their daughter, Martha Marie, to James H. Hornstrom, son of Mr. and Mrs. Willis J. Hornstrom, 801 Lincoln avenue. The wedding will take place in July.

Miller-Shearman Rites Announced

At an 11 a. m. ceremony performed June 1 at Our Lady of Lourdes Roman Catholic church, with Father Hubert T. Seymour officiating, Carolyn E. Shearman, daughter of Mr. and Mrs. William Winslow Shearman, of R.D. 1, Lake-wood, N. Y., became the bride of Robert S. Miller, son of Mr. and Mrs. Henry C. Miller, 20 Elmhurst street, Fluvanna, N. Y., formerly of Warren.

Following a short honeymoon to Canada, the couple will reside at 219 South Fairview street, Lock Haven, where the bridegroom will continue his studies at Lock Haven State Teachers' College. He is a 1954 graduate of Warren High School and was formerly employed in his father's bakery.

The bride, a 1954 graduate of Southwestern Central High School in Lakewood and the Jamestown School of Practical Nursing in 1955, was formerly employed by Jamestown General Hospital and is now employed by the Lock Haven Hospital.

Guests attended from Pittsburgh, Warren, Jamestown, Lakewood and Bemus Point.

RICHARD E. LUNDAHL
Son of Mr. and Mrs. Elmer T. Lundahl, 6 Pioneer street, was a member of the 1957 class graduated at 10:30 a. m. June 8 at Grove City College, receiving a bachelor of science degree in mechanical engineering.

Mr. Lundahl was secretary of Epsilon Pi Fraternity; a member of the Engineers' Club; and was recently commissioned a second lieutenant in the United States Air Force.

Until called for active duty, he will be employed by Standard Oil Company of Ohio, Cleveland, in the automotive engineering division.

CONSTIPATED?

New laxative discovery un-locks bowel blocks

without gag, bloot or gripe

Constipation is caused by what doctors call a "thirty" colon that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken, constipating contents of your colon which now block your bowel must be re-moistened. Second, bulk must be brought to your colon to S-T-R-E-T-C-H STIMULATE it to action; to a normal urge to purge.

And, of all laxatives, only COLONAM, the amazing new laxative discovery possesses COLONAM's great moisturing capacity, plus COLONAM's stretching, stimulating bulk. So effective it relieves even chronic constipation overnight, COLONAM is yet so smooth, so gentle it has proved safe even for women in critical stages of pregnancy.

Superior to old style bulk, salt or drug laxatives, COLONAM neither gags, bloats nor gripes; won't interfere with absorption of vitamins and other valuable food nutrients; in clinical tests, did not cause rash or other reactions. It's a physiological fact: Exercise tones your body! And COLONAM exercises your colon to tone it against constipation, overnight! Get COLONAM, in easy-to-take tablet form at any drug counter, today! Only 98c for the 60 tablet package, brings positive relief at less than 2c per tablet.

You are Cordially Invited to visit the Arthur Murray Studio 12 P.M. to 10 P.M. Monday through Friday 10 A.M. to 5 P.M. on Saturdays or Phone Jamestown 51-105

EACH VISITOR WILL RECEIVE A FREE TRIAL LESSON AND A COMPLETE DANCE ANALYSIS

Your success is guaranteed when you put yourself in the hands of an Arthur Murray Teacher.

Yes, you'll find that lessons at Arthur Murray's are all you need to make you a more popular, more assured, happier person. As you know, good dancers always are in demand, so you won't be surprised at your greater popularity. But did you know that learning to dance the

Arthur Murray way can also do wonders for your confidence, too? It's Arthur Murray's exclusive party plan, that is the big confidence builder.

But why not come in and see for yourself, or phone to make an appointment? Phone 51-105, or come in A. M. Studio, 220 Cherry St., Jamestown, N. Y.—diagonally across from Hotel Jamestown.

Manners MAKE FRIENDS

REMEMBER that whatever you say on an elevator is going to be overheard by others. So don't mention names, or say anything that will make others on the elevator pick up their ears. And remember it's rude to whisper on an elevator to keep your comments from being overheard.

Best thing to do is keep quiet until you get off.

Litter Bags Vanquish Litterbugs

BY KAY SHERWOOD
NEA Staff Writer

HOMEMAKERS experienced in the art of persuading members of the family to pick up their belongings in the interests of a neater home are being encouraged to extend their efforts this summer when the family takes to the open road.

A major national problem is the untidy "travel trash," the tons of refuse tossed on highways, beaches, parks and other public areas. Not only does it deface the countryside, but it presents health, fire and safety hazards.

Probably none of us is innocent of having contributed at least a gum wrapper or an empty cigarette package to this mess. As auto travel increases the problem grows more acute.

And more expensive. According to one source, more than fifty million dollars of tax money are being spent annually for cleaning up primary highways alone.

WHAT'S TO be done? It's no coincidence that the "litterbug" is being publicized as a nuisance of undesirable importance. Three years ago a national movement was organized as Keep America Beautiful, Inc., to help make us conscious of the litter problem.

Every state has endorsed its objectives. Its educational efforts are directed through schools and civic organizations.

In Maryland, the first state to organize a state-wide movement, the federated garden clubs have sponsored anti-litter contests and campaigns with the junior garden clubs to teach youngsters the desirability of taking care of public as well as personal property.

One of the most efficient ways devised by KAB to curb travel trash is the litter bag. This amounts, in essence, to a convenient wastebasket in the car.

Any paper bag, like an ordinary grocery sack, will do. It is

taped to the auto dashboard. For back seat travelers, tape a bag to the side window sill.

Into this bag should go all the paper scraps, gum and candy wrappers, and so on. Nothing is hurled out the window.

The KAB recommends keeping a few medium-sized bags in the car if you're making a trip. When one is filled, deposit it in the next trash barrel.

MOST SERVICE stations now have trash barrels displayed prominently. On a recent auto trip, I noted big trash barrels in service stations, near roadside eating stops and more of them in public picnic areas. Some of the service stations even gave out

Former Local Man Accorded High Honor by the Premier of Lebanon

LIVES IN POLITICAL TEMPEST—"Ed" Gilbert, manager of Caltex Ltd., his wife, Anne Marie, and three children, Richard 10, Patricia 6, and Bettina 2, are visiting at 422 Third avenue, west, in Warren for a rest from company duties and political unrest in Lebanon where Mr. Gilbert was recently presented the Gold Medal of Merit by the prime minister in recognition of his distinguished services to the petroleum industry of the country. When Nasser nationalized last September, Richard and Patricia flew home alone and Bettina followed at Christmas time. But mother and daddy expect to return in late July to Beirut and the children will follow later to the city which has become the crossroads of the Middle East since Cairo was cut off. —Photo by Borg.

H. "Ed" Gilbert II, son of Florence A. Gilbert, 422 West Third avenue and trouble shooting manager of Caltex Ltd. in the explosive Middle East, has been presented the Gold Medal of Merit in Beirut, Lebanon by Lebanese prime minister, Sami Bey Solh. The Gold Medal, one of Lebanon's highest honors and rarely awarded to anyone, especially non-nationals, was given Mr. Gilbert in recognition of his services to the petroleum industry of the country just before he returned to Warren on vacation.

It was largely the directive influence of manager Gilbert which enabled Lebanon to develop its petroleum and allied industries during his guidance of Caltex Ltd.

Caltex was former in the early 1930's by Texas Company and Standard Oil of California (hence Caltex) as a production combine in a Eurasian operation where Texas had markets but no production and Esso had facilities but no outlets.

Mr. Gilbert assumed command as Beirut manager of Caltex in 1954 after spending two years as a marketing representative of Texas Company in Belgium Congo and another five years as office manager in Dakar. ("About that time, I'd had enough of Africa," he said.)

Once manager of Caltex, which distributes petroleum products throughout Lebanon, Syria, Jordan and other Middle East points, Mr. Gilbert had the satisfaction of watching his operation mature the growth of the area, despite political unrest. It culminated in late April with the presentation of the coveted Gold Medal of Merit.

Actually, the medal has proved a bad omen for two persons connected with it. The Lebanon attorney who informed "Ed" that he was to receive the honor dropped over dead of a heart attack four hours later. Less than two hours after Lebanon prime minister Sami Bey Solh had pinned on the medal he was stricken with a serious heart attack, is still recuperating. (The picture, incidentally, which was taken of the prime minister pinning the medal on was the last taken of the popular political figure before his attack and as such was circulated widely in Middle East news mediums.)

"Ed" and wife, Anne-Marie, gave in to political unrest in the Middle East last September when Nasser nationalized the Suez Canal. They figured at that point it was time to get the children away and son, Richard, aged 10, and Patricia, 6, probably set some sort of transcontinental flight record when they flew home alone on Pan American. They were met in New York City none the worse for the trip half-way around the world alone by Mrs. Gilbert, who is a companion to Miss Anna Rockwell.

The couple have another child, Bettina, aged 2, who stayed on in Beirut until Christmas. Actually the family had excellent police protection during the unrest. Not only were they offered guards because of American citizenship but also because they lived next door to an ambassador.

Caltex has a 13,000 barrel a day refinery at Sidon, Lebanon which is about 20 miles from Beirut and the terminal to the oil pipe "Tapline" owned by four American companies. This pipe has been undisturbed during the unrest to date, unlike the IPC pipe further to the north which was blown up periodically in spots.

"Tapline" runs from the rich oil fields on the Persian Gulf to the Sidon Refinery. At one point in the unending crisis, Syrian nationals were threatening to blow it sky high. Gilbert immediately sent word of the pending destruction to the State Department in Washington, D. C. The company never heard another word about it for

HIGH BID FOR WOOL
The highest bid for wool in a number of years was received by the Northwestern Pennsylvania Sheep and Wool Growers Co-operative Association at the Crawford county court house in Meadville last night. H. T. Miles of Titusville, RD 3, secretary-treasurer of the association, had charge of the bidding. The 1957 wool pool sale went to Winslow & Co. of Boston. The firm bid 65c to 55c a pound for the biggest category of wool, the three-eighths and one-quarter grades. For fine and half-blood, the company bid 63-65c; half-blood, short wool, 63-65c; clothing one-quarter, 65-55c; low quarter, 65-55c, reject 58c; common, 55c; carcass, 30c; tag 16c. There were eight bidders, Mr. Miles said. There was not much difference between the two highest bids. The wool pool will be held in Titusville on June 25 at the Pennsylvania Railroad freight station, and in Meadville at the Erie Railroad freight station on June 26. The first lamb pool of 1957 will be held at Union City stockyards June 22 from 9 a. m. to noon.

The Portrait Dress in Organdy

It's Ladylike And Flattering

BY GAILE DUGAS
NEA Women's Editor

NEW YORK—(NEA)—A soft, ladylike, portrait look is the ideal summer look for girls who stay with white skin and delicate make-up all summer long.

The sleek sheaths and vivid make-up are for their sun-tanned sisters. For the portrait girl, there are the soft, drifty dresses that create an instant impression of fragility.

This summer, such dresses can go to an afternoon party, to cocktails or to dinner. They come in layers of silk organdy and in petal colors. The very full skirts are belled out over several petticoats. And such dresses are at their prettiest when they're worn with short, white kid gloves, big hats, simple pumps and frosty white jewelry.

We show two such dresses here, both Suzy Perette designs. Both are polka-dotted silk organdy. Late afternoon dress (left) has small white dots on beige. Draped off-shoulder neckline has large bow beneath white dickey inset at front.

The shirtwaist dress (right) has puffed sleeves with buttoned cuffs and wide self-belt.

A good prop to wear with such dresses is the sunshade in a pastel. It's a pretty and feminine touch but also serves the very practical purpose of warding off the sun and thus keeping a fair skin looking creamy and pastel.

Make-up, of course, should be cued to the pale pinks and a natural look with a light hand for the eye shadow. And if the dress is, like one we show here, slightly off-shoulder, then make-up should extend to shoulders as well.

PRETTY (AND) EXPENSIVE—Built at a cost of approximately \$1,500,000 a mile, this scenic highway runs between Muehlhausen and Hohenstadt, Germany. Only slightly over four miles long, the road cost more than \$6,500,000 to construct, requiring soaring bridges like this one at Toddsburg, and a tunnel. It took 1,000 workmen two years to complete the job.

TIME TO TAKE A BREAK—Their bucket is bulging with loot and that means it's time to take a break—a six-month vacation break that is—for Herb Root and his wife, Erna. The Roots, 67-year-old proprietors of "Happy Herb's House" in San Francisco, follow an interesting program which entails locking up the hamburger and hot-cake house when the bankroll gets big enough to carry them through six months of traveling and golfing. In between vacations the Roots don't kill themselves working. This sign, center, background, shows they are CLOSED Monday, Tuesday, Wednesday and Thursday, and only open 10 A.M. to 4 P.M. the other three days. Good work if you can get it.

ALL QUIET ON GAZA FRONT—Guarding the peaceful (for now) border between Israel and the Gaza Strip, these Danish soldiers of the United Nations Emergency Force split up the job of sentry duty, with two catching up on their reading as the third maintains a cheerful watch. Each post along the border is manned by three soldiers at all times. On the night trick, no lying down is permitted.

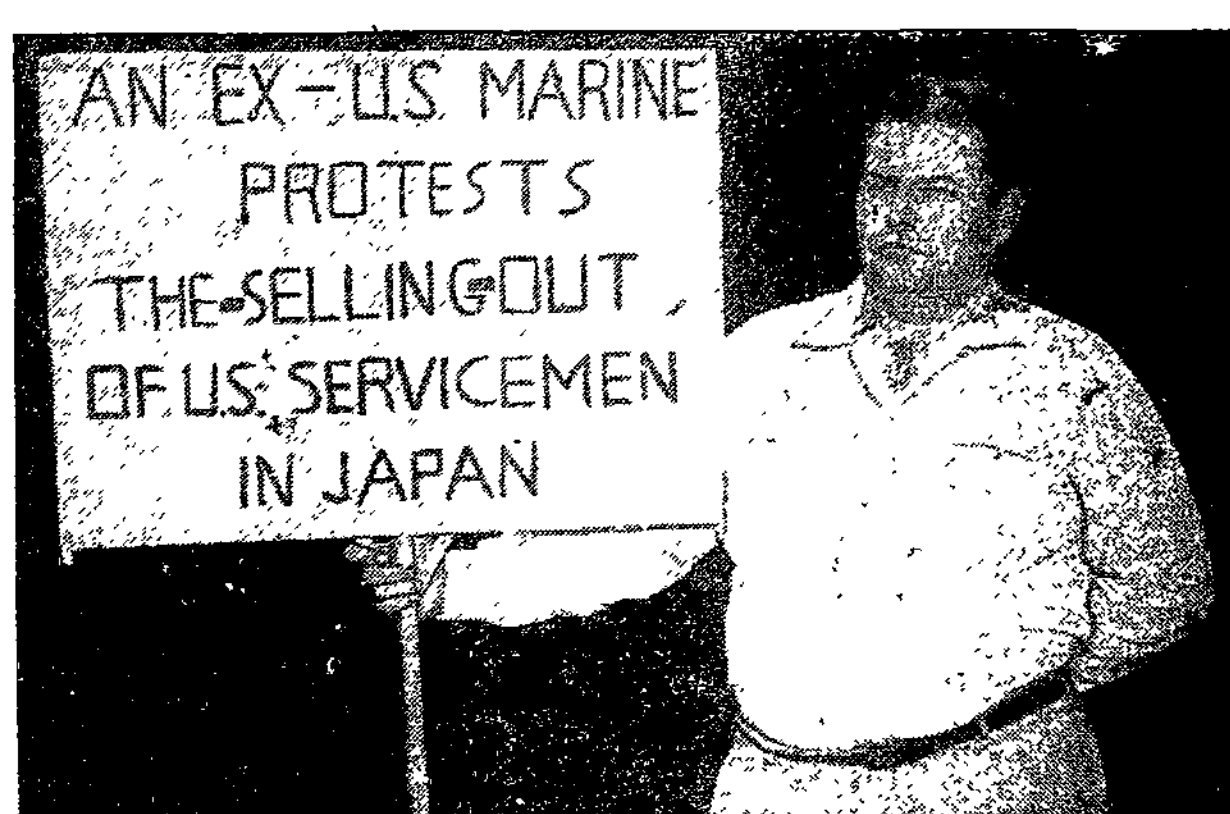

INDEPENDENCE STAMP—Commemorating the centenary of the 1857 struggle for national independence, is this colorful dark green stamp issued by the Pakistan Post and Telegraph Department. It is one of two stamps issued to mark the event, the other being a stamp of higher denomination in blue.

SEEK "DEATH MARCH" VICTIMS—Germany's raging Iller River near Kempten is searched by soldiers for 15 paratroop recruits who lost their lives on a "death march." The incident was similar to the one at Parris Island, S.C., in which six U.S. Marine recruits drowned in a tidal stream. Sgt. Peter Julitz was arrested in the paratroopers' deaths. He ordered the men into waist-deep water where they lost their footing and drowned. Eighteen others, also burdened with full field equipment, scrambled to safety.

TO THE TOURIST—Norway's famous North Cape is featured on this new Norwegian stamp, issued for the benefit of the Norwegian Tourist Association. One of a series of three, this blue, 65-ore stamp carries a surcharge of 25 ore, which goes to the association.

EX-MARINE PROTESTS "SELL-OUT"—Dan Lally, 30, Cleveland, Ohio, ex-Marine, demonstrates his views on the Army Specialist 3/C William S. Girard case in downtown Cleveland. Girard is scheduled to be tried by a Japanese court on manslaughter charges.

STAR STAMP—This striking design, featuring the North Star, has been named the winner of the Minnesota Statehood Centennial stamp competition. Designed by Paul Konerlie of St. Paul, Minn., the stamp will be issued during the weekend of Statehood Day in May, 1958.

Mother and Three Tots Have a Close Call on Crossing

A Starbuck mother and three children had a narrow escape about 3 o'clock yesterday afternoon when the front of their car was caught by the steps of a passing caboose on the New York Central line crossing just east of Warren Tank Car Company at Starbuck.

Mrs. David Rice, wife of the well-known Starbuck veterinarian, was heading north toward the three-lane Starbuck and had already stopped for a westbound freight on Pennsylvania lines south of the NYC tracks.

When the PRR train had moved past blowing its whistle loudly for the next crossing, Mrs. Rice, son Michael 12, daughter Caroline 5, and Marie Valone 16, headed toward the NYC crossing which is partly obscured at that point by the PRR warnings for the next crossing.

Mrs. Rice said the eastbound New York Central freight just in time and stopped her car as the engine went by. However, the caboose, hooked behind the engine, snagged the car bumper guard with its steps, according to Mrs. Rice. This pulled the auto into the side of the train and three or four cars bumped by before the slow moving train stopped.

The four car occupants were shaken up and frightened but nobody was hurt. Front end of the car was badly damaged.

The accident occurred on the road leading from Route 6 to the G. G. Greene Co. plant in Starbuck.

Mayflower II Reported 200 Miles Off Plymouth

Provincetown, Mass. (AP)—Mayflower II today was reported about 200 miles from Plymouth, but just when she would arrive at her Plymouth destination was purely speculation.

Capt. Alan Villers, skipper of the bark recreating the original Plymouth sailing in 1620, radioed the Plymouth reception at midnight that there is little prospect of good sailing winds, adding, "We could be here for days."

Mayflower II was reported yesterday about 60 miles west southwest of Nantucket lightship. The lightship is about 13 miles from Plymouth.

There has been no further word of the vessel's position in Villers' messages to the mainland.

Mayflower II was scheduled to arrive at Provincetown, on the tip of Cape Cod, at noon today to commemorate the signing of the Mayflower Compact.

Disarmament Plans Are Discussed by Dulles

Washington (AP)—Secretary of State Dulles said today the United States attaches first importance to its relations with its allies and will not throw their views into the discard just to make speed with the Soviet Union on a disarmament agreement.

Dulles told a news conference that some aspects of disarmament probably can be talked about with Russia on an informal basis.

But he said emphatically that present arms control negotiations are not simply two-way talks between the United States and Russia.

Dulles made these points when questioned about the sudden return here Saturday of disarmament negotiator Harold Stassen.

Stassen was still in Washington today—which means a delay in the scheduled reopening of disarmament talks in London.

Hunting & Fishing Club in Pittsburgh Bombed

Pittsburgh (AP)—An explosion blew out windows in the Royal Hunting and Fishing Club in downtown Pittsburgh today and damaged two commercial establishments and two parked autos across the street.

Nobody was injured.

Police said the blast resulted from a home-made bomb with the power of several sticks of dynamite. Damage unofficially was estimated at \$5,000. The explosive was placed on the ground floor door of the second story club location, police said.

Leonard DeCosmo, president and secretary of the Royal Hunting and Fishing Club, was at a loss to explain the bombing. He said neither he nor the club had any known enemies.

Five Dead in Explosion Of a Kerosene Stove

Madison, Conn. (AP)—Five persons died last night after a kerosene stove exploded in the kitchen of their home.

Dead were 29-year-old Mrs. Mary Cooley, her brother, Charles VanderWarker, 37, and Mrs. Cooley's three children, Mary, 3; Patricia, 2, and Suzanne, 10 months.

Three other persons in the house at the time escaped without injury.

Exact location of the Garden of Gethsemane is not known.

state was reimbursing everything fully.

(Beatty has a reimbursement figure of 88 percent which is above the state average of 85.)

It was reported at the meeting last night that borough school taxes on property for the coming year are expected to bring in \$370,071 at the 25-mill levy. Resident and per capita tax will both provide \$48,465. Tax collector gets 1 percent as usual.

Certain tax write-offs were acknowledged at the session. For 1951, \$7,560 in per capita taxes were reported written off, and \$7,554 for resident taxes in the same year. It was pointed out that this includes those dead, and away, making the actual loss slight. In 1952 property taxation, only \$89 was written off and some of that may still be collected.

Another financial matter involved the equalization of final payments to the outstate. Budget is rated on attendance for first year months and then fixed finally when actual attendance figures are compiled at year end. This year Clarendon, Conewango, Kinross and Pleasant had to pay \$5,621 more, while similar refunds went to Elk, Glade, Mead, Boro and Watson.

The Joint Committee elected Richard M. Smith of Conewango Township secretary for the next four years to replace Ernest Miller who did not choose to run. Myron Jewell was elected treasurer one for year, and Dr. A. J. O'Connor assistant secretary-treasurer.

Fred Schultz was given permission by the Jointure to operate the proposed playground arts and crafts class in the high school art room. These classes were planned to include ceramics, leatherworking, etc.

Mrs. Helen McClure was approved as teacher of a summer typing class at the high school and J. H. Gardner was approved as part time maintenance man. Ed Huber was approved as janitor at high school until William Smith recovers from an operation.

Resignation of Jean Spencer was accepted with regret and Miss Jean Steel was employed as guidance counselor. Miss Kay Powell, recent Penn State graduate, was employed to replace Miss Steel as commercial teacher. Wallace Jewell of Bradford was hired to teach at the high school also. Carson Schell was retained as a high school custodian.

Permission was granted for JC's to hold a Soap Box Derby banquet in Beatty Cafeteria June 29, also for Zonta's Home Show in Cafeteria Oct. 11-12. JC Passion Play in auditorium Sept. 8, 9, 10; Dusty Owens show in auditorium this Thursday.

Buildings and grounds committee authorized Seneca PTA ice cream social Sept. 11. PTA McClintock social Sept. 25. Lacy social this Thursday.

Mrs. Violet Seymour was employed as parttime clerk at Jefferson. Other part time help approved were Mrs. Grace Swanson as McClintock librarian, Eugenia Price as Jefferson librarian.

Donald Vicini was low bidder for approximately 600 tons of coal to be used by the school next year. His rate is \$6.30 a ton.

It was reported that the three funds including Beatty and High School bills and \$8,472 to retirement board as second payment for year. Those were the larger items.

Joint Committee authorized payment of \$19,660 for May, including \$12,160 to retirement board.

Dan T. Goldthwaite was congratulated for his Stupend Award from National Science Foundation. Annual reports of doctors, nurses and dental hygienists were given.

equipment to a patch just north of Oneida Lumber and Supply Company on Beech street. Oneida offered the land for play area lease. Carbon said, and the committee figured costs of concrete sand box, slide, swings and see-saw at \$365. Borough Solicitor S. Knox Harper suggested a lease be drawn up.

SECURIST VACATED

Council approved unanimously the vacating (closing off) of a 12-foot, anonymous alley running 210 feet north from Pennsylvania avenue, west to Sechrist street, and from that point west on Sechrist about 100 feet. Struthers-Wells bought the house and wanted the land used by the streets. It was brought up that any sewers along the vacated stretches are S-W's, in effect.

PAVING REVISION

Borough Engineer DeBell announced a switch in the proposed paving order. Extra drain difficulty on McPherson street had moved Hazel ahead of it in the paving order.

NEW HOSEMEN

Council accepted unanimously motions introduced by Public Safety Committee chairman Glen J. Patchen which: accepted the resignation of hosemen L. J. Collins from the fire department; and promoted E. A. Nihlgren, William Blum and Frank Viola Jr. from provisional hosemen to probationary hosemen. Police Patrolman Charles Musante was granted a leave of absence not to exceed a month beginning July 1.

Councilman Patchen said that the state would not allow a full-time light at Morrison and Pennsylvania, as requested, so that his committee was considering moving the present light at Pine and Penn to that location. Carbon and Councilman "Pete" Juliano both objected and Patchen said the idea was still in committee, especially concerning a manually operated light there. He said another parking ordinance, in committee for two months, was being worked out, would probably be brought up at the next meeting.

Paul Yerge, Building and Lands Committee chairman, said there still some details to work out before the County Commissioners could have the Crescent Street Fire Station approved as a voting place.

In Finance Committee matters, Maurice E. Emory, chairman, had approved his motion to have Jake Levinson reappointed as a Parking Authority member.

Burgess Rice also brought up the rose bush-clouded entrance from Seventh street onto Market, especially for those trucks turning north on Market. Rice stressed that he wanted the roses transplanted rather than destroyed and pointed out the dangerous condition had arisen from trucks now using Seventh as part of the Water street Thru-way to avoid the Fifth avenue and Market street light.

Invocation was given by the Rev. Francis E. Fehlman of Evangelical United Brethren church.

as sewage plants and schools.)

Frantz added to his comments on the sewer plant that Cheate would handle the take care of plans and specifications for bidding, oversee construction, provide resident engineers and inspection.

Borough Solicitor Harper recommended Council members that he was working on various deeds for the plant plot and pumping station areas which would have to be turned over to the Authority. Harper noted that the entire Sanitary sewer system would have to be conveyed to the Authority until the plant was built, such a legal move being required by the government.

It was also observed that while Congressman Leon H. Gaym had informed Authority Secretary William F. Clinger that the \$250,000 in federal funds to aid in project costs had been approved, official notification was still being awaited in Warren.

FOUR MORE ACQUITTED

Pittsburgh (AP)—An Allegheny County Criminal Court jury yesterday acquitted four present and past State Highway Dept. supervisors accused of forcing subordinates to contribute to a Republican primary campaign funds in 1954. After the jury returned its verdict, the district attorney's office moved to have similar charges against C. H. Buckius dropped. Buckius is the last of 15 persons indicted following a grand jury probe into the primary campaign fund.

PEDDLER PLEADS GUILTY

Pittsburgh (AP)—Edward Todd, 56, of Bellaire, Ohio, has pleaded guilty to the sale and possession of narcotics. Detectives said Todd once was a principal supplier of dope in the Pittsburgh area. Todd entered a guilty plea yesterday in Allegheny County Criminal Court after a number of witnesses testified they sold heroin for him. He was brought here from the Atlanta (Ga.) federal penitentiary where he is serving a sentence on a narcotics charge.

him and Dr. Snyder by surprise. The press secretary said he and the physician were talking in Snyder's office on the White House ground floor when the President walked in.

The three men chatted there about 15 minutes, with Eisenhower telling them he felt very much better.

"Then I asked the President whether he was planning to go to his office," Hagerty recounted.

"Yes, I'm going right now," Eisenhower replied. "Do you want to come along?"

With that, the President and Hagerty walked from the White House living quarters onto an outdoor patio connecting the mansion with the executive office wing. Eisenhower strolled along briskly in the bright sunlight, chatting with Hagerty as they went.

A 2 a. m. bulletin had been delayed half an hour after the scheduled time because Eisenhower was sleeping at 8:30 and the White House staff did not want to disturb him.

KILLED ON B & O

Conneville, (AP)—The engineer of a passenger train today found the body of a man on the Baltimore and Ohio track near the Greenwood crossing. The victim, Felix Visbesky, 58, apparently fell from a moving freight train, the corner said.

Scalise, Smoulder, Ross and Peterson Win 2nd Annual JC's Tennis Tourney

Jaycee's second annual Junior Tennis Tournament ended Saturday at Beatty Courts where four young people downed their opponents in finals matches and were proclaimed champions in their respective divisions.

In the Junior Division, Blair Smoulder put down a determined Ross Kremer to become Junior Boys' Champion. He won in straight sets by score of 6-1 and 6-2. In the Junior Girls' final match, defending champion Sally Scalise won the trophy for the second straight year by defeating her opponent Nancy Goodwill by scores of 6-1 and 6-0.

Combatants in the Senior Division put on a display of superlative tennis playing in their hard fought matches. Priscilla Ross unleashed a powerful forehand and beautiful passing strokes to overthrow her game and able opponent, Patty Lanman by scores of 6-2, 6-0.

Final match in the Jaycee's Tournament saw Mark Peterson, defending champion, battling Dick Kremer for Senior Boys title. Two crucial service breaks by Peterson proved to be the edge in this hotly contested match Peterson won the championship by scores of 6-3 and 6-2.

At the conclusion of play, Jaycee project chairman, John Leathers presented handsome plaque

trophies to the winners on behalf of Warren Junior Chamber of Commerce. He also announced that the new champions were now eligible to compete at Pennsylvania Jaycee Junior Tennis Tournament in York, Pa., in July. Warren Jaycees will sponsor their trip to York. All four winners indicated an eagerness to represent Warren in these state finals.

Looking even further into the future, should one or all of the Warren representatives emerge victorious in the state competition next month, they will then have the opportunity to go to San Diego, Calif., where the national finals of Jaycee Junior Tennis Tournament are to be held in August.

Referring to the local tournament just concluded, Chairman Leathers said that he was encouraged to see so many Warren young people displaying such a keen interest in tennis. He commended the more than eighty contestants on the consistently high degree of fine sportsmanship they displayed throughout the week's play.

Leathers said that his only regret was that more of the town's adult population did not avail themselves of the opportunity to witness some first rate tennis by watching the tournament play.

HOT STOVE LEAGUE GAMES

Island Park was the scene of a Bantam League game last evening as Gaughn's Drug out-mixed Youngville National Bank 7-3. Frank Greco had a homer for the visitors and Slack a triple. Scalise, pitcher for Gaughn's, was the winner, also twirling sixteen strike outs. Hannold and Dinney were Youngville battery with Greco behind the plate for Gaughn's.

St. Paul's Lutheran won their second victory last evening at Lacy, in the Bantam League, against New Process 7-1. Only extra base hit was a double by Genberg for St. Paul's. Genberg was winning pitcher with O'Hara behind the plate. Carlson and Dove were Battery for New Process.

Earl E. Young received a discount from Community Discount Monday on Jackson Field 9-10. Shine had a homer for Young; Lohnes and Carr, doubles, with Lohnes having 2, and Lohnes and Stuart, singles. Community Discount's batteries were Hultman-Poust, Young's Mason-Dunham. Hultquist was winning pitcher.

War Memorial Field was the scene of a milking Monday when Kinzua Legion marched on the field against Warren County Dairy, and came out ahead 9-3. Pompilio and Brant had homers for the Legion, and Peterson a double. T. Peterson and R. Peterson were the Legion's batteries, and T. Peterson was the winning pitcher. Whipple had a homer for the Dairy; Kifer-Hills were batteries.

Interlectric's lights burned bright as they downed J & R Esso 6-5 on Memorial Friday in Cadet play. Colvin-Massa had triples, Cederquist-Colvin, doubles. D. Cederquist-Thompson were Inter's batteries with Cederquist the winning pitcher. Suppa, Long and Tecnochuk had doubles for J & R with Davis and Suppa batteries.

Last evening Industrial Oil greased their bases to slide over Struthers' Hose 7-6 at Weldbank in the Junior League. Alabaugh secured a double for Industrial, and Confer and Gleason had homers for Struthers' Hose. Windgard and Lobdell were batteries for the victors. Mazzucio pitched for Struthers, with Confer behind the plate.

Warren Bank and Trust won over Emblem Oil Monday at North Warren in the Bantam League 4-1. Porter, Minter, and Loomis had homers for W. B. & T. and Stanton a double with Loomis the winning pitcher, and Minter as batteries for W. B. & T. Werner had a double for Emblem Oil with Briggs and Werner as Batteries.

Friday at Starbrick, General Concrete Products Co. became victor over Crossett Tankers in a very close contest with the Tankers leading until the seventh. With the final outcome 10-11. Olson had a triple and Brooker a double. Reynolds was the winning pitcher. Tanker's batteries were Korey and Kervin with Rapp receiving a triple.

In a Cadet League game Friday at Lacy, American Legion marched forward against Printz for a 15-6 victory. Printz's Morrison and Dorsey had doubles. Dorsey receiving two. Tome and Barney acquired homers for the Legion, Barney a triple, and Barney, Tome, and Johnson had doubles. The winning pitcher was Barney, with Malone behind the plate. Batteries for Printz were Dorsey, Redfield, and Colter catching.

Bantam Champion Risking His Title Saturday in 'Frisco

By The Associated Press
Raul Macias, the National Boxing Assn.'s world bantam champion, will risk his title Saturday at the Cow Palace in San Francisco against Danny Urasa, a 4-11 battler from the Philippines.

The 15-round match, originally scheduled for May was set back by Macias who still hopes to meet Alphonse Halimi of France, recognized as champ by everybody except the NBA.

Urasa has won seven of eight in California and is ranked No. 5 among the contenders in the 118-pound class by the NBA.

While Archie Moore mulls over his future plans, Tony Anthony, No. 1 challenger for his world light-heavy crown, keeps busy. Anthony boxes Yvon Durelle, known as the "fighting fisherman" from Bale-St. Anne, New Brunswick, at Detroit's Olympic on the Friday TV series.

It will be Anthony's first appearance since his surprising knockout over Chuck Spieser in an elimination bout at Detroit. The victory supposedly earned Anthony a title shot at Moore. But the champ has been in Europe while the various boxing commissions have been firing threats and suspensions at him. The match will be carried on NBC radio-TV.

Bucs End 15-Game Losing Streak to the Redlegs

Pittsburgh (AP)—It took nearly a year to do it but the Pittsburgh Pirates, with a big assist from righthander Vern Law, have ended a 15-game losing streak to the Cincinnati Redlegs.

Law gave up only four hits, including Wally Post's two-run homer in the first inning, as the Pirates defeated the first place Redlegs 5-2 last night.

Oddly enough, Law was the last Pirate hurler to defeat the Redlegs, turning that trick last July 22.

In winning the Pirates put more distance between them and the eighth-place Chicago Cubs and tightened the already-taut National League race. Cincinnati now is only a game ahead of Philadelphia and a game and half ahead of Milwaukee and Brooklyn.

PEPPER OPTIONED

Pittsburgh (AP)—The Pittsburgh Pirates have optioned Laurin Pepper to their Hollywood club in the Pacific Coast League. Pepper was recalled from Hollywood only last month. He was sent back to make room for Dick Hall, another pitcher who had been on the inactive list with a sore arm.

The Legion with Cederquist, Massa, and Hamilton for Interlectric. The winning pitcher was Tome. Last Thursday night at Beatty Field, Penn Furnace Midgets defeated Hammond Iron 17-3. Denny Alcorn was the winning pitcher. A big blow was a triple by Dave Guiffre for Penn Furnace with bases loaded. His cousin, Tony Guiffre, had the big hit for Hammond Iron, a double, the only hit made off Alcorn.

THE WINNAHS! Winners of the scrappy matches which highlighted the Jaycees Second Annual Tennis Tournament all the way through were, from left, Blair Smoulder, Junior Boys Winner; Sally Scalise, Junior Girls Winner; Pat Ross, Senior Girls Winner; Mark Peterson, Senior Boys Winner. At right is Jaycee chairman John Leathers who congratulated all 80 participants on the excellent spirit of sportsmanship evidenced by all contenders. —Photo by McIntosh Studio.

Texas Slaughters Valones Atlantic At State on Monday

Texas Lunch held Valone's Atlantic to a 16-point deficit last evening on the State Hospital diamond with the combined efforts of Bob Harrison and Perk Cameron allowing them only two runs. Texas had 18.

Billy Brown, Monk Murphy and G. Baldensperger sparked the restaurant team attack. The two accounted for 14 of 24 hits banged out by Texas Lunch.

Hast and Wilbur were leading hitters for the losers.

Bob Harrison was given for the win while Steve Peroski was charged with the loss.

Lack of Long Ball Hitting Blamed for Many Pirate Losses

Pittsburgh (AP)—Spotlight pitching, if your defense doesn't include some long ball hitters, will not produce many major league victories. The Pittsburgh Pirates know that better than anyone.

During the past few weeks the Pirates have been pounding out a good many singles, receiving fairly good pitching on most occasions—and losing many ball games.

Sunday the seventh-place Pirates split a twin bill with the Milwaukee Braves, losing 2-1 in 11 innings in the opener and winning the second 5-3.

In the two games the Pirates collected 18 hits but only two of them were for extra bases, both doubles. Since the season began the Pirates have collected 460 hits but only 151 were for extra bases, these being 69 doubles, 20 triples and 22 homers.

Bob Friend lost a heartbreaker in Sunday's opener as he gave up but five hits in the 11 innings. An error by outfielder Bob Clements paved the way for the Braves to score the winning run. The Pirates collected six hits off starter Bob Trowbridge.

Ronnie Kline didn't give a hit to the Braves in the second game until Hank Aaron, who also homered in the first contest, smashed his 15th homer of the season with one out in the seventh. Meanwhile, the Pirates built up a four-run lead and were ahead 5-1 going into the ninth when Kline gave up two walks and a single to lead the bases with one out.

Roy Face, the Pirates' relief specialist, nailed down Kline's victory.

ORIOLE INJURED

Chicago (AP)—Outfielder Tito Francona of the Baltimore Orioles suffered a slight fracture of the left hand trying to make a shoestring catch of a line drive off the bat of Nellie Fox in the second inning of Sunday's double-header between Baltimore and the Chicago White Sox. Francona, a resident of Aliquippa, Pa., is expected to be out of action for three weeks to a month.

YESTERDAY'S STARS

By The Associated Press

Hitting—Dick Gernert, Red Sox, drove in six runs with two homers and a double in 11-4 victory over Athletics.

Pitching—Vern Law, Pirates, Bob Buhl, Braves, pitched four-hitters, with Law beating first place Cincinnati 5-2 for first Pir-ate victory over Redlegs in 16 games. Buhl, who beat Dodgers eight times last season, gave up three of the hits to Gil Hodges while gaining his second decision over Brooklyn this season, 3-1.

COLLEGE WORLD SERIES

Omaha (AP)—California was cracking the whip today in the NCAA College World Series with three straight wins after having handed Penn State its first defeat in 22 starts 8-0 last night. The Bears from the West were to go against Iowa State, 2-1 in the double elimination tourney tonight at 7 p. m. EST after Penn State and Notre Dame battled for survival at 1 p. m. EST. Both Penn State and Notre Dame are 2-1 in the series. California, getting fine pitching and hitting the ball hard, beat Iowa State 8-2 in the second round Sunday.

National League Pennant Race Still Considered Tight Sprint

By ED WILKS
The Associated Press

Milwaukee's Bob Buhl still has the Brooklyn Dodgers on a string. Cincinnati's Joe Nuxhall is still "all goofed up"—and the National League pennant race is still a tight little sprint, with only a three-game spread covering the first five teams.

Only two games were scheduled in the NL last night.

Buhl, who beat the Dodgers eight times last year, wrapped them up for a second time this season with a four-hitter 3-1 that left Brooklyn and the Braves in a tie for third place, 1½ games behind first-place Cincinnati.

Pittsburgh and Vern Law took care of the Redlegs, 5-2. Law pitched a four-hitter that left the leaders only one game ahead of the Philadelphia Phillies.

The American League scrap saw Chicago's idle White Sox re-

Musial Is Heading For a Record in Consecutive Games

Philadelphia (AP)—Stan Musial, perhaps the National League's all-time No. 1 player, reaches another milestone tonight when he plays in his 822nd consecutive game. That will equal Gus Suhr's National League "Iron man" record set 10 years ago.

The great St. Louis Cardinal star already holds the league record for most extra-base hits. He is almost certain to add to the runs scored, runs batted in, total bases and two-base hit titles be-

fore he finally lays aside his bat. He began the season with 774 consecutive games played since the start of the 1932 season.

A star without temperament, the pride of Donora, Pa., ranks second to the late Lou Gehrig with nine complete seasons. Gehrig, who rolled up the major league high of 2,130 games from June 1, 1932, through April 30, 1939, took part in all his club's games for 13 consecutive years.

Argentine Heavy Decisively Whips Germany's Favorite

New York (AP)—With just one year of experience behind him, Argentina's handsome, husky Alex Miteff, 22, appeared headed today for a ranking among the world's top ten heavyweight contenders.

The undefeated, 6-1, invader decisively whipped Germany's Willi Besmanoff at St. Nicholas Arena last night to chalk up his ninth victory in as many fights.

"We're going to try and get Zora Folley next, in about three weeks or so," said Miteff's manager, Hymie Wallman, "Teddy Brenner St. Nicholas matchmaker said he'd try and make it."

Although Folley, of Chandler, Ariz., is ranked fifth by the NBA and seventh by Ring Magazine, Wallman said he has no intention of pushing his fine prospect.

No Youth Movement in The 57th National Open

Toledo, Ohio (AP)—The 57th National Open Golf Tournament shaped up more strongly as a probable battle of the time-hardened oldsters and provided the pointed query:

Whatever became of the celebrated "youth movement"?

"These kids just don't have the shots yet," said Jimmy Demaret, 37, whose putting touch has made him one of the pretournament choices for the record \$7,200 top prize money in the event starting Thursday.

"They're all fine players but they haven't had their games sharpened by tough championship courses and stern competition."

Gene Sarzen, 55, who won his first Open in 1922 and another a decade later, said he felt that the fault lay in the vanishing caddies.

Thirty-Five Cars In Competition at The Roll-O-Bowl

Walt James of Lakewood just about staged a one-man show before 500 spectators at the Roll-O-Bowl Sunday afternoon, not only doing an admirable job with his T-Bone cracker but also driving to victory in the feature event. Thirty-five cars were in competition.

First heat—Rollie Woods, Watts Flats; Larry Johnson, Jamestown; Sam Fischer, Wrightsville; Second, Howie Johnson, Jamestown; Mick Koteras, Lakewood; Bob Hall, Pittsfield.

Third—Dick Fangborn, Jamestown; Ernie Eggleston, Clymer; Basil Ewer, Watts Flats; consolation, Spike Smith, Watts Flats; Bunk Ecker, Watts Flats; Art Bacon, Union City.

Semi-final—Koteras, Woods, Ewer; feature, Walt James, Ecker, Smith, Woods, Carl Cooper, Lakewood.

Louise Suggs Walks Away With the Ladies' P. G. A.

Pittsburgh (AP)—The golf aristocracy of Louise Suggs was largely responsible for the success of the third Ladies PGA championship tournament from a competitive standpoint.

Louise, playing her best when she didn't think she had a chance to win, came in with an amazing 68 on the final round for a 283-total that won the tournament by three strokes.

But as far as most of the girl golf pros and their host clubs were concerned, there was another type of success. This third playing event brought out some of the largest galleries the girls have played before—an estimated 4,000 on Sunday and more than 2,000 for yesterday's rain-delayed wind-up.

Herb Score May Get the Word Today on Condition

Cleveland (AP)—Herb Score may get the word today as to when he can resume his pitching chores for the Cleveland Indians.

The star lefthander arrived here yesterday from Hagerstown, Md., where he has been convalescing from an eye injury at the home of an uncle, Arthur F. Flood, for the past two weeks.

He has an appointment this afternoon with Dr. Charles I. Thomas, an eye specialist, for an examination which may determine when he can resume workouts.

The big things you want cost less in a Mercury Monterey!

YOU HAVE TO PAY OVER \$88 MORE to get a 4-barrel carburetor as standard equipment in any competitive car. And Mercury's Thermo-Matic Carburetor is the only one that controls temperature of air engine breathes.

YOU HAVE TO PAY OVER \$130 MORE to match the Mercury Monterey's brake size in any other car. The Monterey actually has bigger brakes than most of the highest priced cars—212 square inches!

YOU HAVE TO PAY OVER \$150 MORE to match Mercury's standard 255 horsepower in any competitive car. And the Monterey's power options offer you either 290 horsepower or a blazing 335 horsepower!

YOU HAVE TO PAY OVER \$200 MORE to get any other car with real dual headlamps. No other car at Monterey's price even offers duals. You can get Quadri-Beam headlamps on all 19 Mercury models.

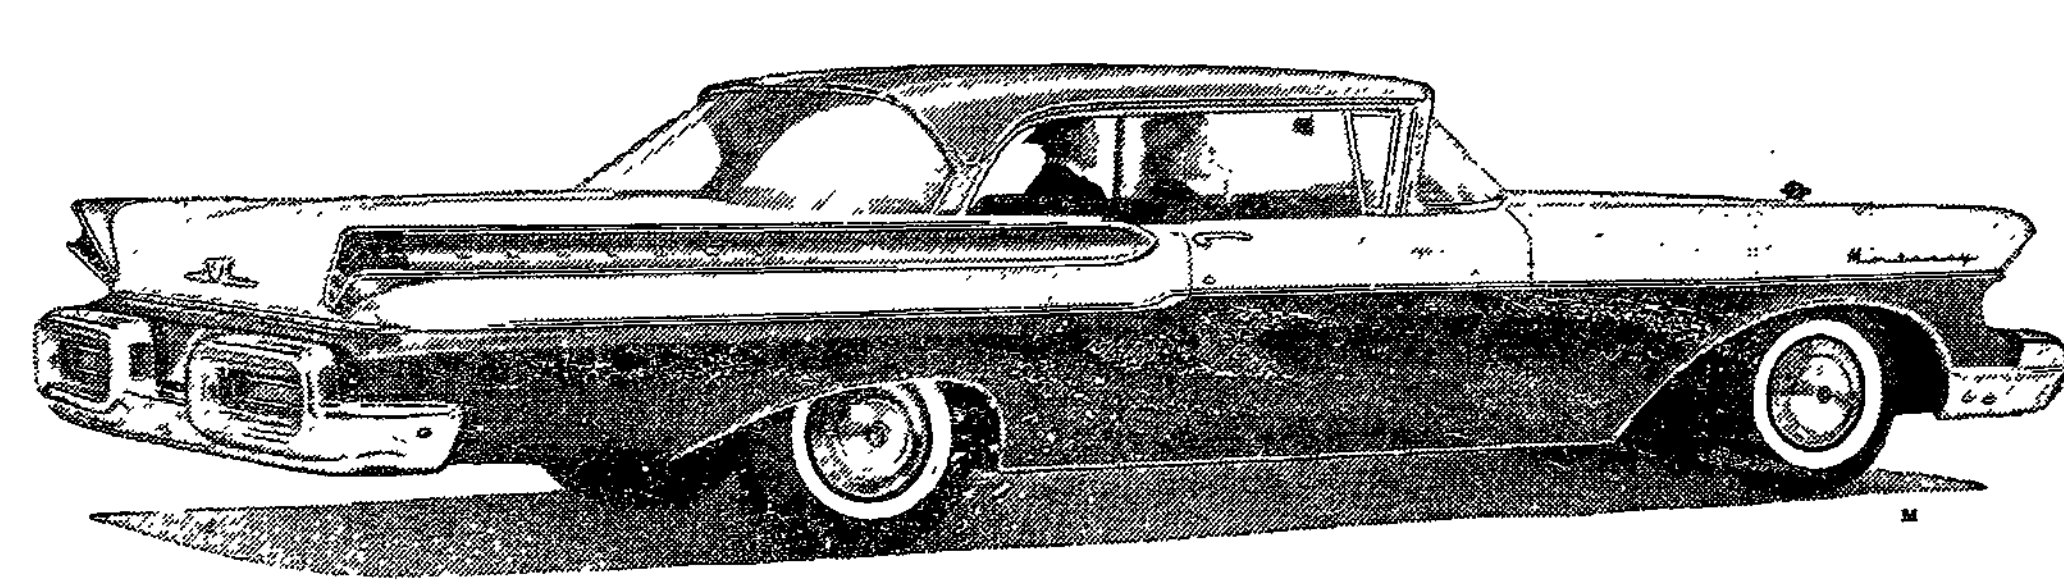

YOU HAVE TO PAY OVER \$500 MORE to match the Monterey's standard compression in any competitive car. Its compression ratio of 9.75 to 1 is close to the highest you can get in any car.

YOU HAVE TO PAY OVER \$1,000 MORE to match the Monterey's hip room and rear seat leg room. Mercury has the biggest size increase in the industry—bigger in every important dimension!

YOU HAVE TO PAY OVER \$2,000 MORE to match Mercury's width in any other car. You can match it only in America's three costliest cars!

And no other car at any price offers you Mercury's exclusive Floating Ride, or its Dream-Car Design—styling shared with no other car! Stop in today. Let us show you all the reasons why the Mercury Monterey is the easiest big car to drive, to ride in, to look at, and to buy.

The price comparisons stated are based on factory suggested retail delivered prices.

BIGGEST VALUE INCREASE IN THE INDUSTRY! The Big M is up in size, in power, in luxury, in everything that counts in a car. But the price is still low—just an easy step up from the low-priced three.

Seneca Cub Pack County TB Society Announces Holds Final Meeting Time-Place For Its Free X-Rays At the Playgrounds

Seneca Cub Pack 45 held its final meeting of the year at the South Side playground, all Cubs in Indian attire gathering about their council fire with their Akela chief, Dominick Rock.

Braves from Den Two led the tribe in the Flag Salute; future Bobcats were presented headbands and asked to join the pack around the fire; all Indians and their chief participated in a war dance; Robert Ladner was presented a Den Chief cord for his faithful service during the year; and an impressive Webelos ceremony was conducting the best one ever.

Following the meeting, a wiener roast was held for Cubs and parents, with everyone acclaiming the outing the best one ever.

Awards presented at this time were as follows:

Webelos badges — George Lorange, Robert Ekey, Charles Barone, Ricky Munson, Dennis Campbell and James Kahle. Lion badges — David Sundheimer, Craig Marshall, Dennis Darling, James Albaugh, John Caldwell.

Gold arrows—Henry Dahl, Dennis Darling, Thomas Martin, John Caldwell, Charles Westland, Ricky Munson. Silver arrows — Henry Dahl (3) Norman Funsky (2), Bruce Messerly, Charles Westland, Ricky Munson, Charles Hudson, Dennis Darling, Carl Cromwell, Steven Ross, Arthur Zerke, Gail Rock, Thomas Martin, Jon Nelson, Craig Brenner, James Campbell, Alfred Erickson.

Local Man Librarian at Rochester Institute

Appointment of Herman Theodore Ryberg, Jr., 1909 Pennsylvania avenue, east, as catalog librarian at Rochester Institute of Technology, has been announced by the dean of instruction, Dr. Leo F. Smith.

Ryberg, graduate of Gettysburg College, received his master of science degree in library science this spring from Western Reserve University, where he served as research assistant in the Center for Documentation and Communication.

A Navy veteran, and member of the American Library Association, he will assume his new duties July 1.

"WEARINESS WITHOUT CAUSE INDICATES DISEASE"

—Author's Name Below—

To be tired after exertion is normal, but to be always weary is a symptom of possible future trouble. If this condition persists it is wise to consult your physician. Do not depend on self-treatment or advice from well meaning, but inexperienced friends.

Most of the medicines your physician prescribes can only be dispensed by us in a prescription because their potency and strength requires that they be taken only while under a physician's care. That is why prescriptions give better results. Home treatment drugs that you can get without a prescription are usually never as effective.
